THERE IS NO REGISTRATION FEE, BUT SPACE IS LIMITED

The Advanced Transradial Summit is designed to bring our audience of physicians, nurses, and techs content valuable to current transradial operators. At the conclusion of the program the attendee will be better able to select and evaluate appropriate diagnostic tests to determine whether a transradial procedure is best for a given patient. They will also recognize and initiate management of the transradial team.

Physicians AMA PRA Credits
The Foundation for Advanced Cardiovascular Education and Training (FACET) is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.
