

Baylor University Medical Center

Dietetic Internship

Recommendations given for applicants are an important consideration in selecting individuals for the internship program. Specific examples of an individual's unique qualities are extremely helpful in addition to rating the qualities listed. Feel free to attach a letter of reference to the ADA recommendation form. Please make certain that we receive the *original* of the recommendation, with your *original* signature. All references must be in a sealed envelope with the instructor's signature on the back of the envelope.

References may be given to student, to return with their application or if mailed separately, return to:

Susan Roberts, MS, RD, LD, CNSD
Director, Dietetic Internship
Baylor University Medical Center
Nutrition Services
3500 Gaston Avenue
Dallas, Texas 75246
