

## Clinical research studies enrolling patients through Baylor Research Institute

Currently, Baylor Research Institute is conducting more than 700 research projects. Studies open to enrollment are listed in the *Table*. To learn more about a study or to enroll patients, please call or e-mail the contact person listed.

**Table. Clinical research studies conducted through Baylor Research Institute that are enrolling patients**

Research area	Specific disease/condition	Contact information (name, phone number, and e-mail address)
Asthma and pulmonary disease	Chronic obstructive pulmonary disease, asthma (adult)	Rose Boehm, RRT, RCP, AE-C 214-820-9772 RoseB@BaylorHealth.edu
Cancer	Bladder cancer, colorectal cancer, ovarian cancer, pancreatic cancer, prostate cancer	Cynthia Robinson-Hawkins, MBA, RN 214-820-7748 CynthiaR@BaylorHealth.edu
	Brain cancer	Stephanie Peschka, RN 214-820-8685 StepHaPe@BaylorHealth.edu
	Breast cancer	Elaine Lagow, RN 214-820-9600 ElaineLa@BaylorHealth.edu
	Hematologic malignancies, leukemia, multiple myeloma, non-Hodgkin's lymphoma	Mirjana Tadic-Ovcina 214-820-4072 MirjanaO@BaylorHealth.edu
	Lung cancer	Charlotte Farris, RN 214-820-6767 CharlotF@BaylorHealth.edu
	Melanoma vaccine	Doris Wood 214-820-2610 DorisW@BaylorHealth.edu
Diabetes	Diabetes (type 1 and type 2)	Elisa Williams 214-820-8852 ElisaW@BaylorHealth.edu
	Pancreatic islet transplantation	Transplant Department 214-820-2050
Gastroenterology	Esophageal cancer	Mary Sams, RN 214-820-9626 MarySams@BaylorHealth.edu
Heart and vascular disease (Dallas campus)	Aneurysms, cardiovascular disease, congenital defect, coronary artery disease, hypertension, intermittent claudication	Merielle Boatman 214-820-2273 MerielleH@BaylorHealth.edu
Heart and vascular disease (Plano campus)	Valve repair/replacement, coronary artery bypass graft surgery, arrhythmia	Lisa Plummer, RN 469-814-4712 Lisa.Plummer@BaylorHealth.edu
Infectious disease	AIDS	Bryan King, RN 214-820-7270 BryanK@BaylorHealth.edu
	Hepatitis C, hepatitis B	Sharon Bruer, RN 214-820-1737 SharonB@BaylorHealth.edu
Metabolic disease	Homocysteinemia	Merielle Boatman 214-820-2273 MerielleH@BaylorHealth.edu
Neurology	Stroke	Dion Graybeal, MD 214-820-4561 Dion.Graybeal@BaylorHealth.edu
Rehabilitation	Spinal cord injury, stroke, traumatic brain injury	Ann Marie Warren, PhD 214-820-9315 AnnMariW@BaylorHealth.edu
Rheumatology (9900 N. Central Expressway)	Rheumatoid arthritis, axial spondyloarthritis, osteoarthritis (knees or hands), gout	John J. Cush, MD 214-987-1253 Margaret.Hewlitt@BaylorHealth.edu
Skin disorders	Hyperhidrosis, psoriasis, acne	Brigid Hayward, RN 214-820-6184 Brigid.Hayward@BaylorHealth.edu
Spine (Dallas campus)	Vertebral compression fractures	Kennith Layton, MD 214-826-8822 KennithL@BaylorHealth.edu
Spine (Plano campus)	Scoliosis	Chantelle Freeman 469-814-4811 Chantelle.Freeman@BaylorHealth.edu
Transplantation	Bone marrow, blood stem cells	Mirjana Tadic-Ovcina 214-820-4072 MirjanaO@BaylorHealth.edu
	Solid organs	Michelle Acker, RN, CCRC 214-820-6624 MichelCo@BaylorHealth.edu
Weight management	Obesity	Elisa Williams 214-820-8852 ElisaW@BaylorHealth.edu

Baylor Research Institute is dedicated to providing the support and tools needed for successful clinical research. To learn more about Baylor Research Institute, please contact Nanette Myers at 469-814-4801 or NanetteM@BaylorHealth.edu.
